RON SAROEUN

FULL-STACK WEB DEVELOPER

PROFILE

My name is Ron Saroeun. I am a web developer and a fourth-year student at the Royal University of Phnom Penh, Cambodia. I have experience in building websites and applications:

- **Frontend:** I use HTML, CSS, JavaScript, React.js, Next.js, and Tailwind CSS to create fast, responsive, and user-friendly designs.
- **Backend:** I work with Express, Typescript, PHP, MongoDB, and MySQL to make an API and reliable systems.
- **DevOps:** I use GitHub Actions (CI/CD) and AWS to manage deployments and improve workflows.
